The #1 Management
System for VADIR
and DASA
Compliance & School
Climate Surveys

Your Complete Security Solution Company

*"EVERY SCHOOL IN
AMERICA NEEDS
THIS SOFTWARE!
This is as efficient as
it gets! Everything is in
one nice and easy-to-
access portal that makes
tracking everything so
simple and easy!"*

Rick Cappiello

Technical Assistant
Nassau CC, SUNY

SafeSchoolsNY™
Security, Reporting and Alert System

SafeSchoolsNY™ is your complete discipline management system for VADIR, DASA, PBIS, school climate improvement, and school safety. It provides one-button production of the required NYS VADIR/DASA report. Since it links to any Student Information System (SIS), it is always up-to-date with current student demographic information, program data, and enrollment.

SafeSchoolsNY™ offers detailed school and district-level customizable reports with in-process information that identifies vulnerable students, offenders, victims, and witnesses. All data is archived for 27 years, as required. Growth, gap, and trend analyses are available, and all data is easily exportable for use in spreadsheets or other systems as necessary.

SafeSchoolsNY™ now includes all the U.S. Education Departments school climate surveys (in multiple languages) and reports/graphs displaying results for administrators to share and analyze. No need to download and use their complicated server process. Additional school safety surveys are also available. Drop-down lists are provided to upload all school and/or district documents, policies, and plans regarding discipline, VADIR, DASA, PBIS, school climate, and safety. All code of conduct/discipline forms/cards are also available online within the program. Simply, no other product does all the things that SafeSchoolsNY™ does – saving you time and money, while gaining efficiency

INCREASING EFFICIENCY.
REDUCING COSTS.
