

INCREASING EFFICIENCY.
REDUCING COSTS.

DataMate™

DataMate™ is the #1 web-based assessment management system. This system provides educators with a comprehensive program for analyzing assessment data to improve instructional alignment and student achievement. It provides teachers and administrators with information on test questions, standards, individual student, cohort, and class level analysis and ensures that assessments, student enrollment, and course/section data are current by linking to any student information system (SIS).

- ✓ Web-based system accessible from any tablet, PC, laptop, or iPad
- ✓ Secure https and supports single sign-on
- ✓ Manages data and analysis for all assessments; Grades 3-8 standardized state assessments, Regent exams, district developed or third-party assessments
- ✓ Districts can build their own assessments
- ✓ Assessments can be given in **Nextera™** similar format
- ✓ Program has a **30,000-item test bank** which includes the last 4 years of grades 3-8 released items
- ✓ Assessments can be given online or on paper
- ✓ Reports are based on extensive teacher and administrator recommendations
- ✓ Through a link to your SIS, rerosters students to the current teacher of record
- ✓ Drill down on reports makes analysis of test data easy
- ✓ Data is displayed by District, School, Individual Teacher, and Student levels
- ✓ Customizable reports to specific school and district needs
- ✓ Miscue reports provides analysis of incorrect percentages and distractor items
- ✓ Includes KR20/KR21 report for showing assessment item validity
- ✓ Stores Test books, Answer Sheets, Scoring Materials, and other testing materials
- ✓ Data Warehouse reporting shows State tests, with disaggregated data, and comparatives against same size Districts, RIC, BOCES, etc.
- ✓ Generates Pre-Slugged Answer sheets for giving tests on paper
- ✓ Divides student scores by performance levels and provides data on students in each level, includes a digital Student Electronic portfolio
- ✓ Stores data over multiple years
- ✓ Syncs with all student information systems
- ✓ Security rules allow reports to be run at District, School, Teacher, or section level
- ✓ Teacher level reports provide data on student assessment performance for each teacher, providing helpful information for professional development
- ✓ Allows districts to securely upload large data files
- ✓ Links to StaffTrac™ and Curriculum Developer™ and more!
- ✓ Imports all student photos
- ✓ District maintains ownership of all data
- ✓ Reports export to Excel and PDF files
- ✓ Program is housed in a Verizon backed secure data center
- ✓ Low impact set up and implementation
- ✓ Available in three tiers to meet your needs!
