

SafeSchoolsNY™

Security, Reporting and Alert System

SafeSchoolsNY™ is your complete discipline management system for VADIR, DASA, PBIS, school climate improvement, and school safety. It provides one-button production of the required NYS VADIR/DASA report. SafeSchoolsNY™ now includes all the U.S. Education Departments school climate surveys (in multiple languages) and reports/graphs displaying results for administrators to share and analyze. No need to download and use their complicated server process. Simply, no other product does all the things that SafeSchoolsNY™ does – saving you time and money, while gaining efficiency
