

SurVate™

Survate™ is your complete confidential surveying system for school climate and meets the *Parents' Bill of Rights for Data Privacy and Security* requirements. As NYSED moves to a new School Climate Index (SCI), valid and reliable surveys become even more important. Using SurVate will establish the baseline data to assess the school/district climate in the domains of engagement, safety, and environment. Surveys will also assist in meeting the new VADIR/DASA requirements.

- ✓ Instructional & Non-Instructional Staff, Student, & Parental Surveys included
- ✓ No need to download, setup, & support complex US DoED virtual server written in R code & running in MySQL
- ✓ EVI has been supporting NYS pilot districts for two years
- ✓ Surveys available in Spanish and other languages
- ✓ Secure, web-based, & groups for schools, districts, BOCES, & State as necessary
- ✓ Reports go beyond US DoED versions & future additional reports are unlimited
- ✓ Customized NYSED model for all districts
- ✓ As SCI becomes law, integrates with VADIR/DASA to create the new School Violence Index (SVI)
- ✓ Data available on-demand by districts for their own use & querying
- ✓ DataSync links with any SIS, so surveys may be emailed to participants
- ✓ Other District Surveys may be loaded into Survate™
- ✓ Survey links embed into any web page or portal
- ✓ One time executable links available
- ✓ Likert Scales supported as well as multiple scale types
- ✓ Results show comparatives of School & District
- ✓ Period surveys available to measure changes
- ✓ Reports generated in PDF with Graphs
- ✓ Excel exports of data are available for additional evaluation
- ✓ Back end user data tracking capable
- ✓ Customizable for any and all survey needs
- ✓ Quick, zero-impact implementation guaranteed
